An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Goren on 1/9/09.

**In the Specification, amend the paragraph at page 8, line 10 as follows:**

Referring to FIG. 3, retaining ring 110 includes multiple sections, including an annular lower portion 180 having a bottom surface 182 that may contact the polishing pad, and an annular upper portion 184 connected to base 104 (because the retaining ring 110 is assembled before attachment to the base 104, the lower portion 182 is secured to the upper portion 184 before the upper portion is secured to the carrier head). Lower portion 180 may be bonded to upper portion 184 with an adhesive layer 186.

#### ***Allowable Subject Matter***

Claims 1-14 and 16-42 are allowed.

The following is an examiner's statement of reasons for allowance: The specification has been amended to clarify the attachment for the lower portion to the upper portion before securing to the carrier head which is supported by the original disclosure although not expressly recited. See also reasons for allowance recited in the Previous Office Action filed 9/7/04.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
